SUMMARY

Experienced **Frontend Developer with 1.5 years of expertise** in building responsive and scalable web applications. Improved UI performance by optimizing code and enhancing user experience. Passionate about delivering high-quality, production-ready solutions with minimal bugs. Eager to contribute to innovative projects in software development.

SKILLS

Language : Javascript, JQuery, HTML5, CSS3 **UI-UX/Tools :** Bootstrap, Tailwind CSS, Figma, Wireframes
Library/Frameworks/State Management : Next.js, React.js, Redux, Context API
Version Control : Git, Github

WORK EXPERIENCE

Webingo Infotech Solutions LLP **Jan 2024 - Present**
Associate Web Developer

- **Improved frontend performance by 25% through optimized React and Next.js implementations**, enhancing user experience and reducing load times.
- **Developed and launched 10+ scalable, production-ready web applications**, handling high traffic and increasing user engagement by 20%.
- Built dynamic and responsive UI components with **React, Tailwind CSS, and TypeScript**, improving design consistency and maintainability.
- **Enhanced accessibility and SEO**, leading to a 30% boost in organic traffic and better search rankings.

PROJECTS

SALES CRM

Developed a comprehensive Sales CRM application utilizing **React.js, Context API** for state management, **React Router** for seamless navigation, **Axios** for API communication, **Chakra-UI** for responsive layouts along with **Tailwind CSS for custom styling and Re-chart.js for interactive data visualizations**. Integrated features like customer management, lead tracking, sales pipeline visualization and analytics dashboard to optimize sales processes and enhance decision making efficiency.

INVENTORY MANAGEMENT

Design and implemented full fledged Inventory Management System using a robust frontend tech stack, including **React.js, Redux** for state management, **React Router** for navigation, **Axios** for API integration, **Material-UI** for responsive UI components and **Chart.js** for data visualization. Integrated dynamic dashboards, multi-user login and real time delivery tracking feature to enhance user experience and operational efficiency.

EDUCATION

HERITAGE INSTITUTE OF TECHNOLOGY, KOLKATA
Bachelors of Technology, Computer Science & Engineering
